

# Quality segments

## PCD segments

104810 PCDmax

105230 PCDmax LEFT

104500 PCD Split

### Applikation:

Thick materials

Glue >1 mm

Tile mortar

Carpet foam, etc.

*Equivalent to HTC T-Rex*

Thin materials

Paint

Action back

Rough sanding of concrete, etc.

## Diamond segments

105820 G20MAX XSF

105240 G20MAX VSF

105850 G70MAX VSF

105690 G120MAX VSF

105700 G150MAX VSF

104170 G20MAX SF

104550 G70MAX SF

104590 G20MAX HF

### Hardness of the floor:

VERY SOFT

Extra high sanding capacity!

For extreme soft concrete etc.

For very porous or very uneven concrete, etc.

SOFT

Extra high sanding capacity!

For soft concrete, etc.

For not hardened concrete (<20 days of curing)

MEDIUM

Extra high sanding capacity!
