BLASTRAC

BMG-580PRO FLOOR GRINDER

A MEDIUM FLOOR GRINDER FOR VARIOUS APPLICATIONS

The Blastrac BMG-580PRO is a medium sized triple head grinder which is standard equipped with speed control. The BMG-580PRO is designed for various sizes of horizontal surface preparation applications. It is an ideal machine for companies dealing with removal of coating, concrete grinding or polishing applications. The BMG-580PRO triple head grinder is dust free when connected to the appropriate dust collection system. Blastrac has designed a full range of triple head grinders and diamond products, which give the opportunity to process any floor and specific application.

- Ø580 MM
- 350 – 1100 RPM
- 1990 MM | 580 MM | 1140 MM
- FORWARD (PUSH)
- 285 KG
- SURFACE: CONCRETE / STONE / MARBLE / ASPHALT
- 7,5 KW | 400 V | 50 HZ | 15 A - 32 A CONNECTION

USER FRIENDLY
Easy to manoeuvre, minimum vibrations and user friendly control panel. Thanks to the height adjustable handles it is easy to keep control over the machine. Plug and grind!

ADAPTER PLATE SYSTEM
Our triple disc grinders are compatible with the patented Diamag magnetic adapter plates, where the diamond tools can be easily mounted on.

3 GRINDING DISCS
The 3 planetary rotating discs in each Blastrac machine allows maximum coverage and effective pressure distribution. The width of each grinding disc depends on the size of the machine.

PERFECT FOR DECORATIVE FLOORING
Our triple disc grinders are ideal for polishing and maintaining floors as well. Due to the adjustable pressure distribution a perfect polished finish can be achieved.

DUST FREE WORKING ENVIRONMENT
Every Blastrac grinder should be connected to a Blastrac industrial dust collector. This means that you are able to work dust free, creating a safe working environment.

GREEN TECHNOLOGY
Our triple disc grinders, like any other Blastrac machine, neither use any chemicals nor waste valuable drinking water.
